

SOUTH SIDE NEWS

TEMPE

WORK BEGINS SOON
ON WESTERN CANALWhich Will Parallel the Kyrene Ditch
On the North Side.

Engineer Reed and C. S. Witbeck, of the reclamation service, were here yesterday on matters connected with the paralleling of the Kyrene ditch. According to Mr. Reed all hope of ever coming to a satisfactory understanding with the Kyrene people has long since been given up. There was a time when it seemed possible that the canal might be purchased by the government and the work of making a new ditch thereby avoided but that time is now passed and the work of securing the necessary right-of-way for the new canal, which will parallel it on the north side, is now well under way. Practically all of the right-of-way is arranged for and in most of the instances the contracts have been signed and recorded.

Mr. Reed stated yesterday that the work of repair on the north side was so well along, the greater portion of the force there can be switched to the south side for the work on the new canal at any time. He and Mr. Witbeck expected to get one more contract for the right-of-way signed up yesterday and in that case planned to begin work on the new ditch at once.

The upper end of the new ditch, which by the way will be known as the Western canal, is now practically completed through sections seven and eight. A few little finishing touches are now being put on but the canal is practically ready to carry water. The ditch along the side of the Kyrene will be above the surface of the land for several miles and its construction will be something of a task but the big outfit that will be used will make dirt fly when it does get started, says Mr.

Reed. Even now a force of men is engaged in cleaning the brush off of the right-of-way on section ten. It was thought once that the north bank of the Kyrene could be used as the south bank of the new ditch but it has been decided to construct an entirely new canal, one that will have nothing whatever to do with the present one.

HAY FEVER AND SUMMER COLDS. Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. Elvey & Hulett.

TEMPE, SUMMER RESORT.

Tempe is a regular summer resort as compared with places east and Arizona too has the reputation of being a warm country in the summer time. Just compare the following report of temperatures, submitted by F. H. Simmons, the co-operative observer of the weather bureau for the week ending the 9th, with the temperature of many eastern cities for the same time and notice how favorably Tempe shows up:

Date	High	Low	Rain	Character of day
2	93	67	.95	Pt. Cl'dy
3	100	67	...	Clear
4	102	70	...	Clear
5	101	72	.04	Pt. Cl'dy
6	100	72	...	Clear
7	101	73	...	Clear
8	102	76	...	Pt. Cl'dy

It is interesting to note that the average high temperature for the seven days ending the 9th was 99.6 degrees, whereas for the same seven days a year ago, the average highest temperature was 108.4 degrees.

KIDNEY DISEASES ARE CURABLE under certain conditions. The right medicine must be taken before the disease has progressed too far. Mr. Perry A. Pitman, Dale, Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley's Kidney Remedy cured me well and sound." Ask for it. Elvey & Hulett.

WILL MEET TOMORROW

The Ladies Prayer Circle of the Baptist church will meet with Mrs. L. Spear at the home of A. J. Peters Thursday afternoon at three o'clock.

HONEST MEDICINES VERSUS FAKERS.

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious. Elvey & Hulett.

GOES TO COAST

M. E. Curry left Monday evening for Los Angeles where he expects to spend the next three weeks or a month. He may possibly go on north to San Francisco before his return. He accompanied the remains of Miss Jessie Carroll, which were taken to Los Angeles for interment by the side of her father.

Foley Kidney Pills are composed of ingredients specially selected for their corrective, healing, tonic and stimulating effect upon the kidneys, bladder and urinary passages. They are antiseptic, antilithic and a uric acid solvent. Elvey & Hulett.

A CAMPING PARTY.

A camping party composed of Mrs. J. E. Sturgeon, Mrs. Amanda Richards, Misses Buelah Sturgeon and Gusie Harris and Messrs. Al Bell, Roy Richards and Earl Richards, left the first of the week for the Grand Canyon.

FOLEY'S HONEY AND TAR COMPOUND

Is effective for coughs and colds in either children or grown persons. No opiates, no harmful drugs. In the yellow package. Refuse substitutes. Elvey & Hulett.

BRIDGE WORK.

Things are moving nicely on the new Tempe bridge. Work is now in progress on three piers. The preliminary excavation work is being done on these and the engine for the pile driver and derrick is being worked out to the scene of operations. The engine is a heavy one and it takes considerable time and no little patience to coax it along. A board track has to be constructed in front of it and with a cable and a "dead man," the engine pulls itself along inch by inch. The steel cylinders have been moved to the edge of the river where they can be taken to the piers as they are required.

THOSE WHO TAKE FOLEY KIDNEY PILLS

For their kidney and bladder ailments, and for annoying urinary irregularities are always grateful both for the quick and permanent relief they afford, and for their tonic and strengthening effect as well. Try Foley Kidney Pills.

A BABY GIRL.

Word comes from San Bernardino to the effect that Mr. and Mrs. J. C. Keebler, formerly of this place, are now the proud parents of a baby girl born to them on the 8th of July. Mrs. Keebler may be better remembered by Tempe people as Miss Eva Ruse.

PARSON'S POEM A GEM.

From Rev. H. Stuenkel, Allison, Mo., in praise of Dr. King's New Life Pills. "They're such a health necessity. In every home these pills should be. If other kinds you've tried in vain, USE DR. KING'S. And be well again."

Only 25c at all druggists.

FROM CASA GRANDE.

John Woolf came up yesterday from Casa Grande and spent the time here between trains on business.

KILL MORE THAN WILD BEASTS.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at all druggists.

ABOUT AGAIN.

Supt. J. C. Ryan, who has been laid up for the past week with a badly bruised foot, which he suffered while unloading the bridge cylinders, is again able to be about with the aid of crutches.

A PEEK INTO HIS POCKET would show the box of Bucklen's Arnica Salve that E. S. Loper, a carpenter, of Marilla, N. Y., always carries. "I have never had a cut, wound, bruise, or sore it would not soon heal," he writes. Greatest healer of burns, boils, scalds, chapped hands and lips, fever sores, skin eruptions, eczema, corns and piles. 25c at all druggists.

GOT AWAY.

The Collins party got away yesterday for Tucson on their overland trip. Mr. and Mrs. Collins were accompanied by W. D. Britton and Dick Nettie.

THE McDOUGALL & CASSOU CO.

30 and 32 West Washington Street

THE MAN WHO WISHES THE GREATEST POSSIBLE VALUE FOR HIS MONEY, regardless of the price he pays, will come direct to McDOUGALL AND CASSOU'S, the very best store for men in ARIZONA. IF YOU INTEND PURCHASING TODAY, SEE THESE SUITS; they're by LONG ODDS the BEST values obtainable in this city. EVERY DAY, ANY DAY is a good day to purchase HERE.

WILL LEAVE TODAY

Mr. and Mrs. I. V. Stewart plan to leave today for the Stewart ranch in Yavapai county. They will make the trip overland and expect to remain there until some time in September.

ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrellson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." It's positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00. Trial bottle free at all druggists.

a bale of hay and some grain. There was one or more shovels in the wagon. The older Mexican, who led in the fruit-taking, wore scraggy whiskers. That is about all the description the boys could give, for they say they were frightened and did not note carefully. When the boys last saw the Mexicans the latter were driving toward the east. R. L. Brown filed complaints in the justice court, and warrants were issued. Yesterday morning C. R. Morse and J. Brady started on the trail of the robbers. They believe the men were headed for Florence or Ray, and went as far as the Buchanan ranch, hoping to overtake them there. If they failed to find the men had passed Buchanan's they would cut across the country to the Roosevelt road, on the chance that the wagon was headed in that direction.

DOCTOR PRAISES D. D. D.

Although an M. D., I acknowledge to my patients and patrons that your remedy, D. D. D., reaches cases of Eczema and permanently cures them. —Dr. Ira T. Gahbert, Caldwell, Kan. "My cure began from the first application of D. D. D. My skin is now as smooth as a baby's. I wouldn't take a thousand dollars for what D. D. D. has done for me," writes August Santo, of Chillicothe, Ohio. "These are just samples of letters we are receiving every day from grateful patients all over the country."

MESA

ROBBED BOYS OF THEIR PLUMS

Officers Are on the Trail of Five Hold-Ups.

Monday evening as the two sons of R. L. Brown were driving to town they encountered a party of five Mexicans at a point near Drew's park. The boys were in a buggy, and had with them a washbasin full of fine plums in the front part of the vehicle and a box of the same kind of fruit back of the seat. The Mexicans stopped the wagon and proceeded to transfer all the fruit from the buggy into a wagon in which they were traveling. When the boys protested the men told them to go where dwells he of the cloven hoof. As soon as the fruit was transferred, the Mexicans drove on, and the boys went home to report to their father, instead of informing the officers. As a result, when the transaction became known, the Mexicans had a good start. They drove a span of small horses, one of them white. The wagon was a common affair, and besides the five men, there was a barrel for carrying stock water across the desert, a roll of bedding,

"SEE US FIRST"
The Wilbur Realty Co.
Everything in Real Estate.
Mesa, Arizona

A couple of years since a party of capitalists came to Mesa intending to engage in the mining business, but after looking over the field, and ascertaining the freight facilities and railroad tariffs abandoned the project. It was their intention to engage on a large scale, but they found that the local market and the nearby camps created a demand for fresh vegetables in excess of the production. Since then there has been more attention paid to gardening, but the product is quickly sold. The new enterprise will not depend upon the present vegetable product, but will be supplied by practical gardeners, who will make vegetables a specialty and will grow in large quantities. Tomatoes, peas and spring beans do well here, and these can be grown in any quantity desired, and are very profitable products.

MELON SHIPMENTS.

Up to noon yesterday the Mesa melon growers had shipped 69 cars of cantaloupes to the order of the Mutual Distributing company, of which Dr. P. P. Myhand is the local superintendent and manager. Nine additional cars were loaded out during the day and left during the early hours this morning. Bert Wingard, representing the Faneu Cantaloupe growers had consigned to John Nix & Co. 29 cars, and expected to get out four more cars on the early train. The Gibson Fruit company reported 16 cars and were loading others at the late hour last night.

The early morning is utilized by the growers in picking and packing, the wagons beginning to arrive at the sheds about 9 o'clock. The bulk of the shipments are received at the sheds between 12 and 8 o'clock p. m. Reports from the Imperial county, California, are to the effect that shipments are rapidly falling off. Many of the inspectors have been relieved from duty there and sent elsewhere, some of them coming to Mesa. California are selling at a low price on the market, and the Arizona melons are now considerably in the lead. From the 15th of the month until the close of the season Mesa melons are expected to bring top prices. The cantaloupes are not ripening as rapidly as on former occasions, which is attributed to the fact that the nights continue quite cool. Besides, the growers did not plant as early as in former years. One man, who has 60 acres in cantaloupes, sent his first wagon load of ripe melons to the loading sheds yesterday; he will get in when the prices are at their best.

The cantaloupe growers generally express satisfaction at results so far, and if there is no unforeseen setbacks will come out on top at the close of the season. In view of the fact that last year was not an unqualified success for the growers, it

is to be hoped that their expectations will be more than realized during the next two months.

PINEAIR COMPANY WILL INSTITUTE SUITS AT ONCE

On June 24 notices were sent to all delinquent subscribers of Pineair stock stating that unless some kind of a settlement was made by July 8, suit would be started to collect unpaid subscriptions. A few only have responded, and it would seem that those who are delinquent fail to realize that they have delayed the whole work of road construction, and that those who have paid their subscriptions are injured and made to bear an unjust burden because of this delinquency.

As a matter of justice to the creditors of the company and to those who have paid up their subscriptions promptly this action is being instituted, and Attorney Dougherty will enter suits at once against all those who have not settled their accounts.

WESLEY HILL IN TOWN.

Wesley Hill, the chauffeur who took Colonel Roosevelt to the dam site and back on the 18th day of last March, was resting up in Mesa yesterday. He still drives the same car in which the colonel made the journey of his life, not excepting South Africa.

MESA WEATHER.

Maximum temperature 94
Minimum 72
Mean 83
Character of day, partly cloudy.
Wind, northeast.
Forecast—Generally cloudy, with rain.

NEWS IN BRIEF.

L. E. Lamb arrived last night from Bluewater, N. M., to visit his mother, who is very ill. The motor car hailed Monday evening and a choo-choo engine had to be sent over to haul it to the repair shop.

Wm. Knight was in from the Superstition range Monday and remained over to load out a lot of supplies.

George Altman has commenced work on a new house on East First street. The Advance thresher started up again yesterday. This is the machine that was put out of commission recently during the fire on the Allison Bros' ranch. Repairs were made, new parts secured, and the thresher is now just as good as it was prior to the configuration.

Mrs. George Millett is said to be (Continued on Page 8.)
